Wheelchair Therapy Services – CPT Codes for OT and PT Use (0.1CEU/1.0CEC/1hr)

0.1 AOTA CEUs/1.0 Contact Hours

Course Description: Individuals with chronic medical conditions and long-term disabilities who have a permanent need for a wheelchair require a comprehensive, detailed evaluation of their physical, functional and environmental needs to allow clinicians and ATP suppliers to make appropriate Assistive Technology recommendations for a successful outcome.

This course will discuss the skilled professional services provided by the clinical community in the medical model of wheelchair service delivery, review good medical record documentation principles and discuss the correct CPT codes to bill for the services rendered.

Learning Objectives

At the conclusion of the course the participant will be able to:

1. List at least 2 primary CPT codes used for billing seating & wheeled mobility AT services.
2. Identify at least 2 CPT code billing restrictions for same day seating & wheeled mobility evaluation services.
3. Apply traditional SOAP note documentation principles in defense of the skilled services rendered for the initial evaluation; trial and simulation; delivery/final fit and check out; and wheelchair skills training.

Target Audience: Licensed/Certified Medical Professional (i.e. PT, OT), Rehab Professional (ATP, SMS, CRTS)

Instructional Methods: Lecture, Discussion

Speaker: Julie Piriano, PT, ATP/SMS

Agenda:

- o CPT codes for Physical and Occupational Therapists, timed vs. un-timed codes, applicability of traditional CPT code descriptions for use with seating and wheeled mobility evaluations and CPT code billing restrictions.
