

# FEBRUARY UPDATE

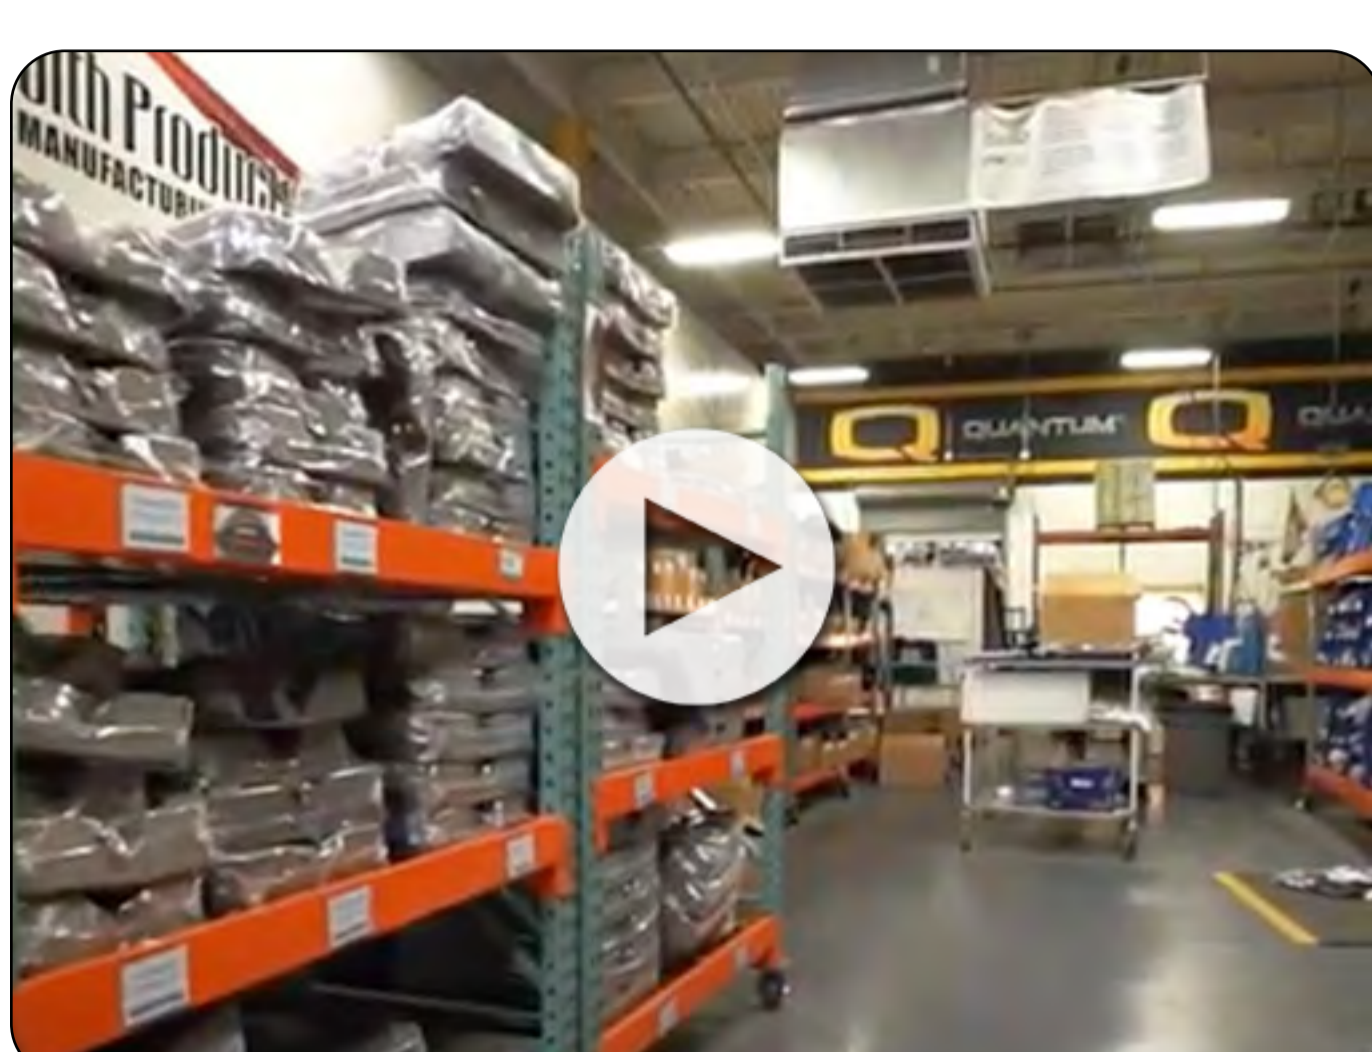

News you can use in 30 seconds or less!

## What's Your Code?

Order all your Quantum® and Stealth® components through a single invoice. We offer:

- A variety of cushions and backs to meet clients' needs
- From general use to skin protection to positioning, we have a cushion in every code
- Custom cushion solutions are available

## 4Front® 2 Feature Focus

### Feature #1: Smart Traction Control (STC)

- Upgraded drive performance
- Improved tracking
- Integrated into the Q-Logic system

## Now That's Cold!

Did you know that our chairs are tested to operate in extremely cold temperatures? They can be operated in temperatures as low as -19 degrees F and stored at -40 degrees F.

## Cue the Quantum Queue

We are striving to answer your service calls as quickly as possible because we know how much this matters in your busy day. In these challenging times, we've hired and trained new Quantum® Tech staff to answer our queue calls in less than three minutes. Putting your needs first is our top priority!

## There's an App for That

With just a few clicks, access so many features on the PQ-365 app. Skip the call and download today!

- Quantum order tracker
- Fault code search
- Illustrated Parts Breakdowns
- Tech videos
- FAQs
- Order forms
- Spec sheets
- Brochures
- Owner's manuals

### Feature #10: Voice search

- Click the search bar and select the microphone to use voice search
- Quickly access product specifications
- Recite serial numbers and part numbers to access info in seconds

# PQ-365

It's the one-stop app for Pride® and Quantum®, wherever you go, whenever you need it.

# Jazzy® EVO 613 SERIES

## A Ride Like No Other

The Jazzy® EVO 613 Series is narrow, maneuverable and delivers a smooth, comfortable ride.

- Active-Trac Suspension combines with Mid-Wheel 6® Technology
- Active front casters lift when climbing a threshold or obstacle
- Casters also drop down for added stability when descending
