

Pride Learning Institute is Holding Technical Webinars!

October 31 & November 4, 2022

Click on the date and time below to register!

These courses are designed for Technicians, Seating Specialists and ATP/SMS. They may receive IACET CEUs, but not State PT or OT Accreditation.

Technical - Stay Off the Floor Troubleshooting: A Look at Traditional and New Troubleshooting Techniques (1hr/0.1CEU/ 1.0CEC): This course is designed to show commonly encountered error codes/situations and two different ways to troubleshoot those scenarios: the traditional way and, if the system is Q-Logic 3, how to use a programming station as a diagnostics tool. The Q-Logic programmers have Monitor built into it. This course will dive into that section of the programming station and teach how to translate the data. The goal of this course is to teach a technician, in some situations, to use a programmer as a diagnostics tool.

[Monday 10/31/2022 - 11:00 AM - 12:00 PM \(EST\)](#)

Technical - Edge 3 Stretto: Narrowing it Down (1hr/0.1CEU/1.0CEC): This course is designed for new technicians and technicians already in the field that need a review on basic troubleshooting steps. It will also teach the technician how to adjust, modify and properly program the chair for use when taking advantage of the unique ability to change the drive wheel size on the Q6 Edge 3 Stretto.

[Friday 11/4/2022 - 2:00 PM - 3:00 PM \(EST\)](#)
