Product Inservice - Moving Forward: Introducing TB4 (1hr/1.0CEC):

Learn about the newest product solution in the Quantum family the Tru-Balance 4 seating system! The brand new TB4 seating system features anterior tilt, memory seating, new positioning accessories, and more. TB4 offers an intuitive setup and many options to customize the seating system to your client's needs. This webinar will dive into the features and benefits of this new seating system, as well the setup steps for proper configuration of the seating system and memory positions.

Learning Objectives:

1. Learners will be able to list three (3) differences between the Tru-Balance 3 (TB3) and Tru-Balance 4 (TB4) seating systems.
2. Learners will be able to explain the necessary steps during the delivery process to properly configure the TB4 seating system for an individual client.
3. Learners will be able to describe two (2) ways to set up memory seating positions.
4. Learners will be able to identify three (3) activities of daily living (ADLs) where the anterior tilt seating function is necessary.

This is a Product In-Service and is not eligible for CEUs.
