**These courses are designed for Technicians, Seating Specialists and ATP/SMS.**

**They may receive IACET CEUs, but not State PT or OT Accreditation.**

**Technical - Monitoring Diagnostics: A New Look at Troubleshooting (1hr/0.1CEU/1.0CEC):** This course is virtual classroom style course on the capabilities of the Q-Logic 3 drive control system and the features available through "Monitor". Monitor is a useful tool that can help a technician in the field diagnose an issue with a power chair without having to take the traditional physical readings.

**Learning Objectives:**

At the conclusion of the course the participant will be able to:

1. Illustrate how to navigate to Monitor in a programmer.
2. Interpret common error codes and how to use monitor to diagnose instead of using traditional troubleshooting tools/techniques.
3. Apply how Monitor and Interactive Assist work together for remote diagnostics

**Pre-requisites:** None

**Agenda: (Hour 1)**

- o Interactive Assist overview (Learner will be in serviced on the interactive assist app and how to install it on a consumer's device)
- o Scenario based situations that will review error codes and teach how the readings in Monitor can diagnose the issue with the power chair.

**Thursday 12/8/2022 - 2:00 PM - 3:00 PM (EST)**
